**E-CIGARETTE
AEROSOL IS
NOT WATER
VAPOR!**

It contains metals, cancer-causing chemicals, ultrafine particles that can be inhaled deeply into your lungs and may be dangerous to your health.

THE LONG-TERM EFFECTS OF VAPING ARE UNKNOWN!

E-cigarettes have not been around long enough for us to know the harm they cause. You are the real-world experiment.

TEEN BRAINS ARE **STILL** DEVELOPING!

Vaping nicotine
before age 25
rewires your
brain to intensify
your addiction.

**1 JUUL
POD**

**CONTAINS
AS MUCH
NICOTINE AS**

1 PACK OF

CIGARETTES

Nicotine is extremely
addictive and can
harm your brain
development.
